TESTED RECIPES.

Tomato Canapes.
This is a pretty luncheon dish as well as a substantial one and easy to make into the bargain. Slice large well-shaped tomatoes without peeling them, and cut slices of bread to fit. Fry the bread and lay a tomato slice on each piece. Sprinkle with chopped green pepper, bits of butter and a little grated cheese. Season well and broil till the tomato is heated thoroughly. Serve hot.

Peach Bombe.
Scald a quart of milk, add a heaping teaspoonful of cornstarch mix with four tablespoonfuls of sugar. Cook until the mixture coats the spoon. Mix a pint of whipped cream and one pint of raw peach pulp to the scalded milk. Freeze to a mush, turn into a two-quart bowl, mold and pack in ice and salt for two hours.

Feminine Frills.
Add a sheer net or chiffon guimpes to the evening frock and you will have a dinner or theater dress in good taste. White collars and cuffs are so permissible for the children's dresses! Why not make them of a contrasting color in linen?

Some of the fall bridemaids will carry muffs instead of flowers. The muffs are dainty, airy affairs of tulle and silk.

A charming hat of leghorn is lined with cherry-colored chiffon. In the back the brim is lifted by a rose placed beneath it.

Queen Mary of England prefers lavender scent before all others.

City Federation at Library.

Some incidents of school life which came before the school board were told of by Mrs. E. S. Lowther at the City Federation yesterday afternoon. In regard to the distribution of school books and clothing to needy children. That many are worthy of aid is certain and an appeal is to be made for them through the school children. One little fellow came the first day clad in an old pair of overalls and shirt. At the close of the session he said he would not come back to school because "I'm 'oo dirty." He was told just to put on clean overalls and it would be all right, but he replied that those he wore were all he had. He did return the next morning but his little clothes had been washed and ironed after school and he was scrupulously clean in "all he had."

Delegates to the district convention at Nowata were appointed as follows: First, Miss Florence Adler; second, Mrs. Burnsdate; first alternate, Mrs. E. S. Rexroad; second, Mrs. Mary Hart. The scholarship at O. M. U. was again made to Miss Borgia Gregory and a discussion of the plans for the October flower show concluded the business before the Federation yesterday.

THAT OLD SWIMMING HOLE.
How to Develop the Highest Degree of Vital, Nervous and Muscular Vigor

Snakes throw off their outer skin once a year. Human beings change their skin perhaps nine times in a year; that is, they have a new skin about once in six weeks. The value of a clean skin in maintaining health is not properly understood by the majority of people. Cleanliness is a part of health. You cannot be healthy unless you are clean not only externally, but also internally.

The blood should also be assisted occasionally, like the skin, in throwing off poisons so that the system may not get clogged and leave a weak spot for disease germs to enter the system. When the blood is clogged we suffer from what is commonly called a cold. Dr. Pierce's Golden Medical Discovery purifies the blood and entirely eradicates the poisons that breed and feed disease. It thus cures scrofula, eczema, boils, pimples and other eruptions that mar and scar the skin. Pure blood is essential to good health. The weak, run-down, debilitated condition which so many people experience is commonly the effect of impure blood. Doctor Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and it enriches the body with an abundant supply of pure, rich blood.

Take it as directed and it will search out impure and poisonous matter in the stomach, liver, bowels and kidneys and drive it from the system through the natural channels. It will penetrate into the joints and muscles, and dissolve the poisonous accumulations. Bad blood is driven out. It will furnish you with rich, pure blood full of vital force—the kind that increases energy and ambition, that rejuvenates the entire body.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp, and my face would draw, and I could not speak, nor sleep to any good, had no appetite, and everyone thought I would not live."

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Second Evening of Christian Church Entertainment Course.

Miss Helen Gerrer of El Reno, violinist, completely captivated her audience at her first Guthrie appearance last evening. She is a dainty miss of charming stage presence and her rapturous response to the demand of her hearers for encores completely won the hearts of all present. Her ability as a violinist is far beyond expectations and her talent will surely win for her a brilliant success in the musical world. "Scherzo" by Van Opus and Kreisler's "Schoen-Rozmarin" were the most popular numbers, the latter of which she was called upon to repeat. Miss Merle McCarty of Oklahoma City, was her accompanist, as well as Miss Frances Biese's. Miss Biese who is an accomplished cellist has only recently come to Oklahoma and is an instructor in the Musical Art Institute. She, too, was received with acclaim, especially when she gave "To A Wild Rose" as an encore. Mrs. B. F. Coughlan whose rich contralto voice has long been a source of much pleasure to her Guthrie friends, sang four beautiful numbers, accompanied by Miss Mildred Davis, and Miss Ethel Douglas played her number with an artistic finish characteristic of her work.
